Introduction

IITG Leave System is a software designed to automate and digitalise the leave approval system within the campus.

The software can accommodate needs of both staff and students. Administrative requirements are also built in the software.

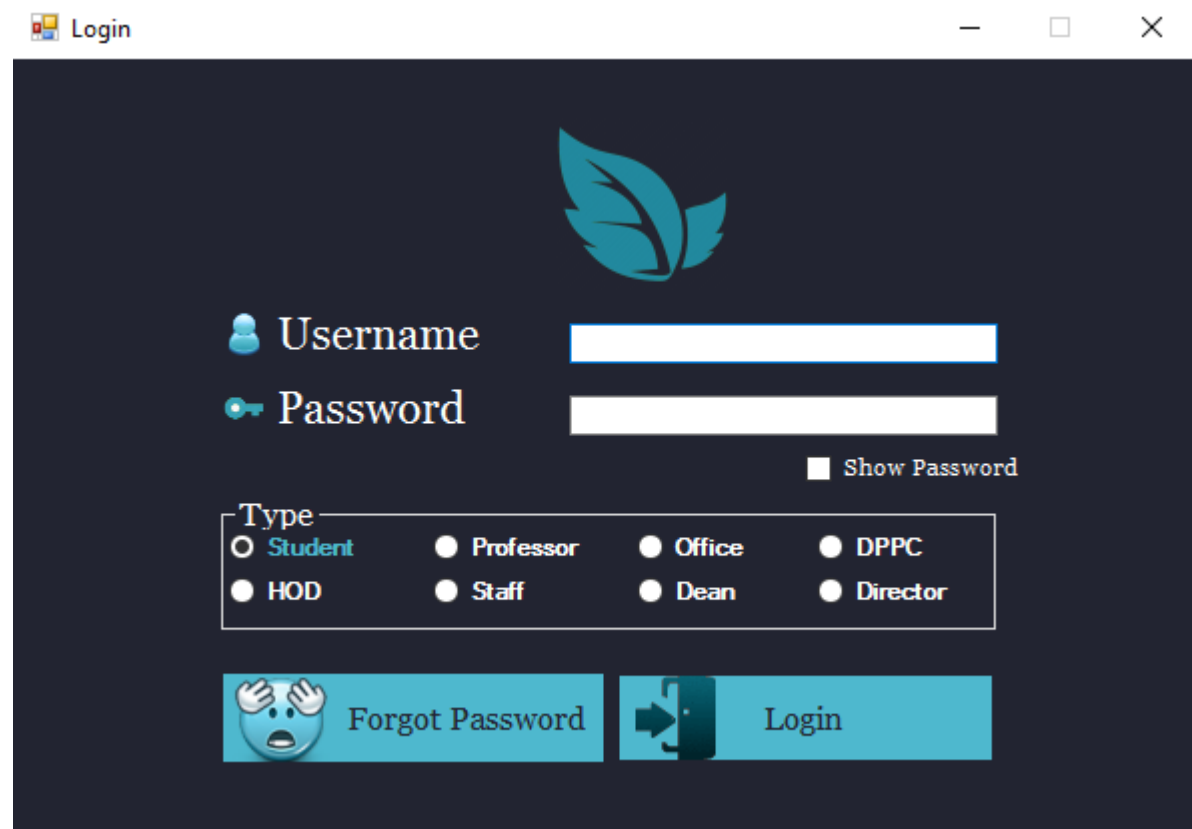

User Login

After you open the software, the first screen you see will be the login screen.

- To login, enter your username and password in the relevant textboxes. Then click your user type. Finally click on Login button.
- In case you have forgot your password, leave the password field blank. Enter your username and select user type. Then click on Forgot Password button.

An email will be then send to your saved email address notifying you of your new password.

Note: Screen Resolution must be minimum of 1280*800

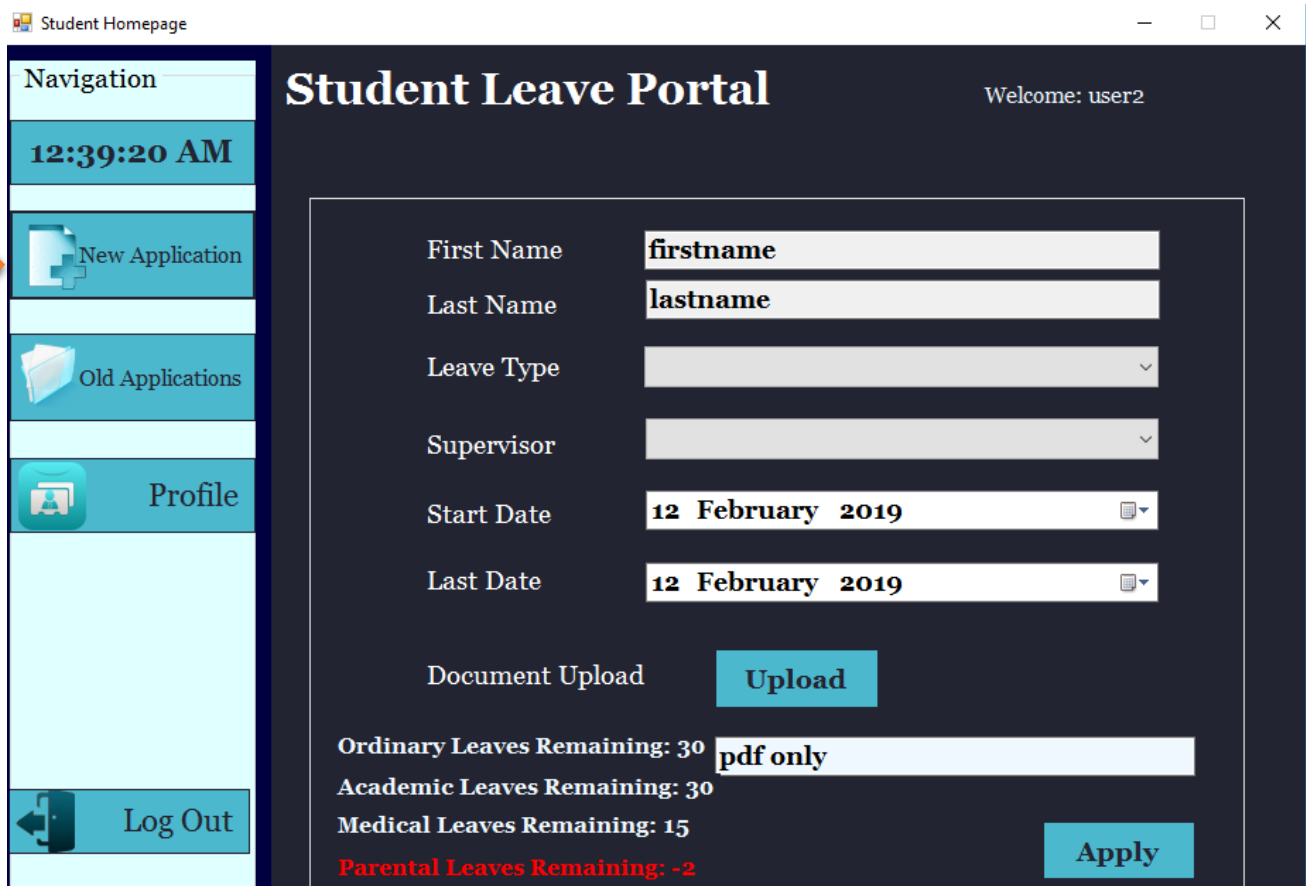

The screenshot shows a login window titled "Login" with standard window controls. The interface has a dark blue background. At the top center is a teal leaf logo. Below it, there are two input fields: "Username" with a person icon and "Password" with a key icon. To the right of the password field is a "Show Password" checkbox. Below these fields is a "Type" section with a grid of radio buttons for user roles: Student (highlighted in teal), Professor, Office, DPPC, HOD, Staff, Dean, and Director. At the bottom are two buttons: "Forgot Password" with a distressed face icon and "Login" with a right-pointing arrow icon.
